

How to create meaningful change

how are we measuring success?

How to most effectively maintain and develop school and community engagement while finessing a great balance between virtual and in-person gatherings.

Better ways to share ideas and information between the states

how to assure true equity within state government and ongoing political conflict

What are SAA's most authentic partnerships, and how did they come about? What keeps them healthy?

About to undergo an Education Grant overhaul process and would love to hear from colleagues that have done this work recently

The ways Arts Ed managers/coordinators are showing up for and assisting their teaching artists re: grant programs, PD, cross-state networking, resources, etc.

How are we doing and what can we do better? Most of all I want to learn that we are making a difference.

A buddy!

authentic community engagement

more clarity on DEI goals in arts ed and their activation in our grant work <3

What different kinds of programs do Arts Ed Managers run in their state? Looking for inspiration beyond grantmaking, POL, webinar series/conference.

Innovative processes for providing support to those who may struggle with the grant process.

also designing final report requirements that take less time from grantees

arts & culture as a tool for trauma healing for self and community

The ways Arts Ed managers are making their guidelines more general and broad to aid in accessibility across their state.

Ideas and networking: how we can provide educators and teaching artists with the PD they tell us they want

Examples of pathways between teaching artists and schools

Tangible, effective ways in which arts ed. managers have made permanent tweaks to program guidelines and applications to address the continued need for flexibility in school-based programming.

☆☆☆ Recruiting new teaching artists. Ideas? Suggestions?

What do you want to learn from this year's PDI?

authentic community engagement.

Looking for connection

How to say yes to growth and increased funding opportunities while also working within small team capacity and/or strategizing for more program & administrative staffing.

What do you want to learn from this year's PDI?
